

PRODUCT INFORMATION SHEET

GOS 92

GRAFFITI REMOVER

GOS 92 is a concentrated blend of solvents, powerful emulsifiers and penetrating agents designed for the quick and easy removal of graffiti from brickwork, concrete, painted or metallic surfaces, without the usual harmful effects associated with traditional graffiti removal products.

GOS 92 is a low odour formulation that is easy to apply, fast acting and easily removed with water. There are no chlorinated solvents in GOS 92 to pollute the environment. GOS 92 is ideal for use in the transport industry for removal of graffiti from rail and bus surfaces and is easy to store as it is not classified as a dangerous good.

CLEANING METHOD

None required

FEATURES AND BENEFITS

- ♦ easy to use and fast acting
- ♦ concentrated yet low risk
- ♦ low odour formulation
- ♦ easily removed with water
- ♦ not classified as a dangerous good

PERSONAL PROTECTIVE EQUIPMENT

None required

TECHNICAL INFORMATION

Appearance	Clear water white liquid with low viscosity
Odour	Light hydrocarbon
pH	
Specific Gravity	N/A
Percentage Volatiles	0.820
Solubility in Water	100
Coverage	Miscible

DIRECTIONS FOR USE

Apply GOS 92 by swabbing on surface with a cloth or brush. GOS 92 should be worked into the graffiti with an abrasive pad or stiff bristled brush. The treated area should then be rinsed with water. Repeat in necessary. For painted surfaces: Wet cloth with GOS 92, wipe over areas to be treated. Rinse off and repeat if necessary.

**NEVER MIX
ANY CHEMICALS**
