

# ALL OFF

## Alkaline Hot Tank Cleaning Compound

### PRODUCT INFORMATION SHEET

#### DESCRIPTION:

**ALL OFF** is a specially formulated product for use in hot tank cleaning applications. Designed for heavy duty degreasing it makes an economic alternative to liquid degreasing compounds. Formulated with soil suspending agents to prevent re-depositing of oils and other soils on to work.

**ALL OFF** is designed for easy dosing, with the addition of dust suppressant additives, end user safety is optimized.

#### FEATURES AND BENEFITS:

- Highly Concentrated Formula
- Dust Free formulation
- Economic end use
- Formulated to suspend soil

#### TECHNICAL INFORMATION:

<b>Appearance</b>	White or off white granular powder
<b>Odour</b>	Characteristic
<b>pH</b>	12.0-13.0 (1% solution)
<b>Specific Gravity</b>	~1.000
<b>Solubility in Water</b>	> 120g / Lt

#### USE:

Directions for use: Solutions should be prepared by carefully dissolving ALL OFF in cold water. Ensure some agitation is used to avoid powder from sitting as a lump on tank bottom. When dissolved bring temperature to between 85 and 95 Degrees Celsius before using.

To top up existing solutions, carefully sprinkle ALL OFF over the solution surface to avoid eruption of super heated solution. Immerse parts in solution for between 1 and 3 hours then remove and rinse. Avoid allowing solution to dry on parts being removed, by rinsing immediately.

**Dilution Rate:** Up to 10%

**SAFETY:** May be corrosive to metals. Causes severe skin burns and eye damage.

Keep out of reach of children. Read label before use. Keep only in original container. Do not breathe dust, fume, gas, mist, vapours or spray. Wash hands, face and all exposed skin thoroughly after handling. Avoid release to the environment. Wear protective clothing, gloves, eye/face protection and suitable respirator.
