

GUIDE: Floor Scrubbing

PURPOSE:

To remove heavy soiling from floors and/or prepare floor for recoating of floor polish. This maintenance method can be adapted to all resilient floors.

PRODUCT TO USE:

Peerless Versadet Concentrated Floor Cleaner or Strobe Floor Maintainer. Chemicals are not hazardous see MSDS.

PROCEDURE

1. PREPARE EQUIPMENT

Fill a bucket with a solution of VERSADET or STROBE diluted 1 part to 15 parts warm water. Fill a second bucket two-thirds full with clean, warm water. Transport the equipment to work site. Fit scrubbing machine with nylon scrub pad.

2. PREPARE AREA

Set up 'Wet Floor' signs. Move obstacles such as furniture.

3. DUST MOP FLOOR

4. SCRUB FLOOR

Operate the floor machine from side to side while applying solution. Overlap on each pass to be sure that the entire floor has been covered.

Use care to avoid bumping into skirting boards and other fixed objects. Use a scrub pad and holder to scrub corners and other areas not accessible to the floor machine.

Take care! Wet floors are a slip hazard, wear appropriate footwear and wipe feet before walking on other floor areas. Work in a controlled area to avoid walking on the wet area.

5. PICK UP DIRTY SOLUTION

Use a wet pick-up vacuum or remove the dirty solution with the first mop. Dip the clean second mop into the clear water and rinse. Wring out the wet mop frequently. Cover the entire area to be cleaned. Wipe off skirting boards before they dry.

6. WHEN FLOOR HAS DRIED

Remove the 'Wet Floor' signs. Return furniture, and other items cleared from the area, to their proper positions.

7. CLEAN UP

Immediately clean up equipment at the conclusion of the procedure. Wash buckets and wringers thoroughly rinse and allow to dry. Thoroughly wash mops, and hang to dry away from walls. All other equipment is either washed or wiped down and stored in the proper location.

Always ensure that all safety requirements are in place before commencing work and where required all personal safety equipment is available and worn by cleaning technicians.
