

## GUIDE: Polish Application

### PURPOSE:

To put a protective surface on floors. To enhance the colour and beauty of floors.  
 To increase the overall appearance level of the building.

### PRODUCT TO USE:

Peerless ELEGANCE Floor Finish.  
 Product is not hazardous see MSDS.

## PROCEDURE

### 1. PREPARE EQUIPMENT

### 2. INSPECT FLOOR

Ensure floor is dry and clean. Floor should have been wet cleaned prior to application.

### 3. PREPARE AREA

Set up "Caution" signs in public areas. Place doorway mats at entrances.

### 4. APPLY FIRST COAT OF FINISH

Pour Finish into bucket and immerse clean mop. Lightly wring out mop to eliminate dripping. Apply a THIN coat of finish to the floor. Start applying the floor finish by running the mop parallel to and next to the skirting board. Do not apply finish to the vertical portions of skirting boards and walls. Form a "U" shape section of applied finish. Cover the remaining floor area, inside the "U", using "figure 8" stroke. Use additional finish as needed. Be sure to cover the entire floor. Avoid splashing the floor finish. Allow first coat to dry completely.

### 5. APPLY SECOND & SUBSEQUENT COATS OF FINISH

Repeat the above instructions. You may wish to avoid building up edges by keeping a few inches away from the skirting board. Repeat the above instructions for the next two and all subsequent coats. More coats provide added protection to the floor producing higher appearance levels. Allow floor to dry before opening to traffic.

### 6. FLOOR PRESENTATION

Without floor finish the floor scuffs easily.  
 Peerless ELEGANCE Floor Finish produces a slip and scuff resistant smooth floor surface which is easily maintained with a choice of maintenance methods.

### 7. CLEAN UP

Immediately clean equipment at the conclusion of the procedure. Wash buckets, mops and wringers thoroughly, rinse and allow to dry. Hang mops to dry away from walls. All other equipment should be washed or wiped down and stored in the proper location. Peerless manufacture a range of Floor Finishes and Floor Polishes. The foregoing procedure applies to all products. eg. Elegance Floor Finish, Gemini Floor Polish, Gemini Timber Finish, Meridian Floor Finish, Duraglo Floor Polish

***Always ensure that all safety requirements are in place before commencing work and where required all personal safety equipment is available and worn by cleaning technicians.***
