

DE-ION WASH LIQUID *Machine Dishwashing Liquid*

PRODUCT INFORMATION SHEET

DESCRIPTION:

DE-ION WASH LIQUID is an alkaline based liquid that will maximise the removal of all fatty soils on crockery and glassware. De-ion wash is safe to use on enamels and ceramics if dosed at the recommended concentration. It has been formulated to reduce scale build up in the wash chamber and rinses cleanly to give sparkle to all glass ware, plates and crockery.

FEATURES AND BENEFITS:

- Concentrated Liquid - Economical in use.
- Easy to use.
- Sparkling Clean Results.
- Effective in hard water conditions

TECHNICAL INFORMATION:

Appearance	Clear colorless liquid
Odour	Characteristic
Specific Gravity	1.180
pH	>13.5
Solubility in Water	Completely Miscible

USE:

For industrial use only. Use through automatic metering equipment into industrial and institutional dishwashing machines. Use in position K1

SAFETY: May be corrosive to metals. Causes severe skin burns and eye damage.

Keep out of reach of children. Read label before use. Keep only in original container. Do not breathe dust, fume, gas, mist, vapours or spray. Wash hands, face and all exposed skin thoroughly after handling. Wear protective clothing, gloves, eye/face protection and suitable respirator.
