

PRODUCT INFORMATION SHEET

DESCRIPTION:

FOREVER – Concentrated Deodoriser/Air Freshener is a concentrated deodorizer, blended with highly active materials containing quaternary ammonium compounds and essential oils formulated to control odours.

FOREVER was designed to control odours in heavy industrial areas such as drainage ditches, industrial waste areas, garbage bins and toilet blocks. However, it is still mild enough to use as a room deodorizer in motels, restaurants and receptions.

FOREVER not only masks the odour but is also antibacterial, thus eliminating odours at the source so it controls as well as deodorises.

FOREVER is widely used in drainage ditches, industrial waste bins, garbage removal trucks, animal compounds, hospitals, motels, restaurants, cleaning air-conditioner filters car detailing and office buildings.

FEATURES AND BENEFITS:

- Contains quaternary ammonium compounds which are antibacterial
- The concentrated, pleasant odour of **FOREVER** lasts for hours after use
- **FOREVER** is highly concentrated, very little is needed for excellent results.
- Highly economical in use.

TECHNICAL INFORMATION:

Appearance	Clear Blue Liquid
Odour	Fruity
pH	6.0-7.0
Specific Gravity	1.02 +/- 0.01
Solubility in Water	Complete
