

FUTURE *Cleaner Sanitiser*

PRODUCT INFORMATION SHEET

DESCRIPTION:

FUTURE is a heavy duty odourless general purpose cleaner/sanitiser.

FUTURE is formulated from a blend of Quaternary Ammonium Chloride compounds and Non ionic Surfactant, Alkali Builders and Sequestering Agents to make it an effective cleaner against most forms of soilage in hard or soft, cold or hot water.

FEATURES AND BENEFITS:

- Effective general purpose cleaner and sanitiser.
- Leaves areas hygienically clean
- Most effective against soilage in hard or soft, cold or hot water.
- Economical dilutions

TECHNICAL INFORMATION:

Appearance	Clear blue liquid
Odour	None
pH	9.0-10.0
Specific Gravity	1.050 ± 0.005
Percentage Volatiles	85.00 – 85.5%
Solubility in Water	Infinite

USE:

Future cleaner sanitiser can be applied by mop and bucket or spray and wipe.

Heavy Duty Cleaning:

Air Conditioning Filters, Stove Surrounds, Ambulance Bays etc. Dilute FUTURE 1 part to 10 – 15 parts water.

Light Duty Cleaning:

Walls, Fixtures and Fittings, etc. Dilute 1 part FUTURE to 180 parts water.

Sanitising:

Floors etc. Dilute 1 part FUTURE to 50 parts water.

Apply solution as a wet mop situation. Allow 8 – 10 minutes contact and pick up.

CAUTION:

FUTURE must NOT be mixed with other detergent or chemicals as this may cause deactivation of the sanitiser. Food contact surfaces cleaned with FUTURE should be rinsed with potable water before use.

SAFETY: Causes skin irritation. Causes serious eye irritation.

Keep out of reach of children. Read label before use. Wash hands, face and all exposed skin thoroughly after handling. Wear protective clothing, gloves and eye/face protection.
