Power, portability and versatility...this is the most feature-packed carpet extraction machine we have ever made!

Designed for maximum performance and total portability for large or small scale carpet cleaning, the Predator packs more punch than units twice its size. Its feature-packed.

Spring-mounted vac motors

The heart of the Predator – spring-mounted on rubber seals vacuum motors deliver vibration-free, low-noise extraction power in a minimum profile body.

Kilo for kilo, the Predator is one of the most powerful portable extraction units on the market.

'Portability plus!'

Easy-grip handles and pneumatic wheels make tight manoeuvring and stair climbing effortless.

Controls protection

The unique guard rail ensures controls are protected from accidental bumping.

Fully adjustable pressure means maximum versatility ...from commercial carpets to delicate upholstery.

Powerful enough for commercial carpets, fully adjustable pressure to thoroughly clean the most delicate upholstery without risk, Predator is 'the gentle little giant'.

Over 120 Distributors in Australia, New Zealand and worldwide

Every Polivac product is backed by a national and international network, so you can be confident of service, repairs or parts supply being turned around ...fast!

Brass Fittings and Connectors

Quality, corrosion-free fittings. Chemical resistant too.

12" wand with 3 jet Spray System

Universal head for carpets and upholstery – maximum versatility equals maximum profitability.

Optional 4 jet spray system available.

Stylish and functional

High gloss, fibreglass body with aluminium base looks good on any job. Very easy to clean for quality presentation.

But there's more...

- Electrical overload protection
- Heater element maintains constant water temperature
- Float cutout with high recovery tank
- Oilpath maintenance hour meter
- Liquid-filled pressure gauge
- Self-illuminating button switches
- External pressure control
- Ergonomic design
- Hour meter
