

PROKLEEN

Toilet Bowl Cleaner

PRODUCT INFORMATION SHEET

DESCRIPTION:

PROKLEEN Toilet Bowl & Urinal Cleaner is a concentrated mild acid cleaner and revitalizer for toilet, shower and washroom areas.

PROKLEEN is designed to effectively clean in these areas and yet to be safe to use on stainless steel, chrome, porcelain, terrazzo and tiled surfaces. It will effectively remove uric acid build-up from urinals, stains and encrustation from porcelain, enamel and stainless steel surfaces.

PROKLEEN has the full corrosive action of an acid, is non-fuming and yet leaves a most pleasant fragrance. It is also antibacterial.

FEATURES AND BENEFITS:

- Made of organic buffered acids.
- Used as directed, PROKLEEN is safe in septic tanks.
- Effectively removes rust stains, uric encrustations, lime scale and organic deposits from toilet bowls, urinals, hand basins, showers and all stainless steel surfaces.
- Safe to use frequently on stainless steel and will not cause corrosion or pitting with extended use.
- Can be used infrequently to restore concrete, terrazzo or tile grouting to its original appearance.
- Contains quaternary ammonium compound for effective antibacterial activity.

TECHNICAL INFORMATION:

Appearance	Blue viscous liquid
Odour	Spicy
pH	1-2
Specific Gravity	Not available
Percentage Volatiles	28-30%
Solubility in Water	Soluble at all dilutions

USE:

For commercial use only. DO NOT SWALLOW

Normally used as supplied, but may be diluted up to 1:10 for more economical use.

For Toilet Bowls – Use full strength, squirt **PROKLEEN** into bowl and swab with toilet brush, paying particular attention to upper rim of bowl, a source of bacterial build-up, flush. For additional cleaning and deodorizing **PROKLEEN** can be left in the toilet overnight.

Urinal – Use daily – flush urinal, pour **PROKLEEN** across the step and into trough. Scrub with toilet brush or Eager Beaver. Pay particular attention to step and inside lip where step and trough meet – Flush.

Revitalising Concrete, Terrazzo, etc. Use infrequently as needed. Apply **PROKLEEN** with a sponge or mild abrasive pad into the surface then rinse. Showers – Squirt **PROKLEEN** on the surface to be cleaned. Scrub with scouring pads, then rinse well.

SAFETY: Causes serious eye irritation.

Keep out of reach of children. Read label before use. Wash hands, face and all exposed skin thoroughly after handling. Wear protective clothing, gloves and eye/face protection.
