

## **SOLVET** *Electric Motor Safety Solvent*

### **PRODUCT INFORMATION SHEET**

#### **DESCRIPTION:**

**SOLVET** is a premium hydrocarbon solvent for use in cleaning of electrical equipment and general components by spray or wipe on techniques.

**SOLVET** provides excellent cleaning, fast evaporation, and will not leave a residue on surfaces.

**SOLVET** is used in mining and industrial areas.

#### **FEATURES AND BENEFITS:**

- Excellent solvent power to remove a wide range of contaminants
- Fast evaporating to allow further work to proceed
- Leaves no residue to cause problems down the track
- Non flammable
- Excellent on electrical switchboards and other switch gear
- Wide application in general industry as a wipe solvent

#### **TECHNICAL INFORMATION:**

<b>Appearance</b>	Clear colorless liquid
<b>Odour</b>	Characteristic solvent
<b>pH</b>	N/A
<b>Specific Gravity</b>	0.780 ± 0.005
<b>Percentage Volatiles</b>	100%
<b>Solubility in Water</b>	Not miscible

#### **USE:**

**SOLVET** should be used as supplied either by spray, brush on or dip techniques. Apply liberally to surface to flush all soils away, then allow the part to evaporate to dryness. Application of forced air stream will dramatically reduce drying time.

**SOLVET** should be used in a well ventilated area to avoid any narcotic effect from inhalation of high vapor levels.

**SAFETY:** Combustible liquid. May be fatal if swallowed and enters airways. Causes skin irritation. May cause drowsiness or dizziness. Toxic to aquatic life with long lasting effects.

Keep out of reach of children. Read label before use. Keep away from heat/sparks/open flames/hot surfaces. No smoking. Avoid breathing dust, fume, gas, mist, vapours or spray.. Wash hands, face and all exposed skin thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective clothing, gloves, eye/face protection and suitable respirator.
