

STEAMY Carpet Extraction Shampoo

PRODUCT INFORMATION SHEET

DESCRIPTION:

STEAMY is a low foaming liquid specifically formulated for use in hot water extraction carpet cleaning equipment.

STEAMY is a result of continued research and development in carpet cleaning and utilizes a unique surfactant system that easily emulsifies oils, soils and shampoo residue commonly found in carpet.

STEAMY also contains a biocide in the form of a quaternary ammonium compound to deodorize, eliminate wet carpet odours and destroy bacteria that may be found within the carpet leaving the carpet smelling fresh and clean.

FEATURES AND BENEFITS:

- May be used hot or cold.
- Contains a biocide to help to sanitise and remove odours.
- Suitable for use in all types of hot water extraction equipment.
- Economical to use.
- Low foaming.

TECHNICAL INFORMATION:

Appearance	Clear liquid
Odour	Sweet citrus
pH	6.5-7.5
Specific Gravity	1.040 ± 0.005
Solubility in Water	Infinite

USE:

1. Dry vacuum the carpet thoroughly before use. While vacuuming inspect for heavy soils and spots carpet.
2. Treat spots using PeerlessJal carpet Spotter. Please refer to label for application instructions.
3. Preparation of pre-spray solution.
Light soiling 1 part of Steamy with 120 parts of water
Medium soiling 1 part of steamy with 80 parts of water
Heavy soiling 1 part of steamy with 40 parts of water
4. Fill solution tank with cold water as the rinse solution.
5. When pre-spraying, work in manageable sections allowing 10 – 15 min for the pre-spray solution to work.
6. When extracting, perform in overlapping paths, pulling the machine back towards you. Always follow equipment manufacturer's instructions. Collect as much moisture as possible.
7. Empty the recovery tank when full. Refill the solution tank.
8. If foam collects in the recovery tank, add PeerlessJal Defoamer to remove foam.
9. Complete the procedure until the entire carpet is clean.

Note: - (a) Always test a small, unobtrusive area to determine colour fastness.
(b) Never over wet carpet as this may cause shrinkage or jute stains.
(c) STEAMY is not suitable for dry foam type shampoo units.

SAFETY: Causes skin irritation. Causes serious eye irritation.

Keep out of reach of children. Read label before use. Wash hands, face and all exposed skin thoroughly after handling. Wear protective clothing, gloves, eye/face protection and suitable respirator.
