

SUPER CONC DETERGENT

Concentrated Laundry Detergent

PRODUCT INFORMATION SHEET

DESCRIPTION:

For industrial use only. Super Conc Detergent is part of the Super Conc laundry range designed to deliver unparalleled economy through performance and concentration. Super Conc Detergent provides emulsification during wash cycles to improve soil and grease removal, and to assist in rinsability of the Super Conc Alka from fabric. Use through automatic metering equipment into industrial and institutional laundry washing machines. Use in position L2.

FEATURES AND BENEFITS:

- Super concentrated for grater economy
- Powerful detergent action to emulsify soils and grease
- Ideal for use through automatic dispensing equipment
- Assists in rinsability of alkali additives
- Fully biodegradable
- May be dosed manually for small machines.

TECHNICAL INFORMATION:

Appearance	Clear to slightly hazy colorless viscous liquid.
Odour	Nil
pH	8.5-9.5
Specific Gravity	1.080
Percentage Volatiles	N/A
Solubility in Water	Completely miscible.

USE:

For industrial use only.

Do not mix with other detergents or other chemicals. For automatic dispensing dose at between 4ml and 10ml per 16kg fabric load, depending on wash program required. For manual dosing Dispense at a rate of 60 – 120 ml per load, depending on soil level and wash size.

SAFETY: Causes skin irritation. Causes serious eye damage.
