

SUPER CONC RINSE

Machine Rinse Additive - Dishwasher

PRODUCT INFORMATION SHEET

DESCRIPTION:

Super Conc Rinse is part of the Super Conc System – a range of products that are supplied in super concentrated form. This allows us to deliver unparalleled economy of in use solutions. These products are specifically designed for use through automatic proportioners because of the dilution rates involved.

Super Conc Rinse is designed to improve the rate of drying of cutlery and crockery while reducing the incidence of water spotting.

FEATURES AND BENEFITS:

- Super concentrated formulation for greater economy
- Improves drying rates and reduces water spotting
- Small pack size to reduce OH&S issues with lifting and storage of containers
- Effective for use in all types of automatic dishwashing machines
- Effective at very low concentrations

TECHNICAL INFORMATION:

Appearance	Clear red liquid.
Odour	Slight alcohol.
pH	2±0.5
Specific Gravity	0.940 ± 0.01
Solubility in Water	Soluble

USE:

For industrial use only.

Commercial dishwashers – dispense through automatic dispensing equipment.

Domestic dishwashers – fill Rinse Aid dispenser to level recommended in your dishwasher instruction booklet.

SAFETY: Flammable liquid and vapour. Causes severe skin burns and eye damage.

Keep out of reach of children. Read label before use. Keep away from heat/sparks/open flames/hot surfaces. No smoking. Keep container tightly closed. Ground/bond container and receiving equipment. Use explosion-proof electrical, ventilating, lighting and all other equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Do not breathe dust, fume, gas, mist, vapours or spray. Wash hands, face and all exposed skin thoroughly after handling. Avoid release to the environment. Wear protective clothing, gloves and eye/face protection.
